Classrooms	Crystal I	Crystal III	Colorado I	Colorado II	Colorado III	Conf. 827	Crystal II
9am - 10:30am	"Kid" 30-amp MPPT Charge Contoller MidNite Solar	Medium Voltage PV Systems Solectria Rewnables	Installing Apollo II PV Shingles CertainTeed	PV and Building Energy Monitoring with eGauge eGauge	IronRidge (Roof Mount) RM-102-I IronRidge	Evaluating Commercial Buildings for PV Installation ISA Corp.	Economics of Solar: <i>Making the Financial Case for Commercial & Residential PV</i> Andy Black
10:45am-12:15pm	MidNite Solar's Arc Fault Combiners and DisconnectS MidNite Solar	New Innovations that Reduce Soft Costs of PV Installation Panel	Installing Apollo II PV Shingles CertainTeed	PV and Building Energy Monitoring with eGauge eGauge	IronRidge (Roof Mount) RM-102-D IronRidge	Evaluating Commercial Buildings for PV Installation ISA Corp.	
12:15pm - 1:45pm	LUNCH, GRAND BALLROOM, SPONSORED BY SCHNEIDER ELECTRIC						
1:45pm-5:00pm	SMA's Sunny Boy TL-US with Secure Power Supply: A Seriously Smart Home Energy Solution SMA	Arc Faults and Ground Faults: Potential Firemakers Bill Brooks	Latest Advancements in Off-Grid Technology Schneider Electric	Solar Roofing Best Practices Quick Mount PV	Designing, Installing and Commissioning Commercial Enphase Systems Enphase Energy	Offgrid Products: New Features / Remotes Magnum Energy	Economics of Solar (Continued) Andy Black
6pm - 7pm	RECEPTION, GRAND BALLROOM, SPONSORED BY QUICK MOUNT PV						
7pm - 11pm	DINNER, CRYSTAL BALLROOM, SPONSORED BY SMA						

Saturday, March 15th

7:30am - 8:30am	CONTINENTAL BREAKFAST, GRAND BALLROOM - FOYER						
Classrooms	Crystal I	Conf. 927	Colorado I	Colorado II	Colorado III	Conf. 827	Crystal II & III
8:30am - 11:45am	Beating Mother Nature at Her Own Game: The SMA Sunny Island SMA	Code Issues: Fire Code (IFC2012) & UL2703 Panels	What Makes a PV Module Bankable? Mitsubishi Electric	Commercial and Utility-Scale PV Design Considerations Solectria Renewables	Networking and Advance Communication with Enphase Enphase Energy	Rolls Systems: Battery Sizing and Care for Off-Grid and Grid-Connected Systems Rolls Battery	2014 NEC Requirements for PV Systems Ryan Mayfield
11:45am - 1:15 pm	LUNCH, GRAND BALLROOM, SPONSORED BY INTERSOLAR						
1:15pm- 4:30pm	AE 3TL Inverter Training Advanced Energy	Bonding and Grounding: Theory, Practice and Wiley Solutions SEI and BURNDY LLC	AC Coupling for Backup Power Applications Outback Power	Introduction & Installation of the SolarEdge System SolarEdge	Power-One Solar Inverter Product Training Power-One	Magnum Energy RE Applications: New Product Intro Magnum Energy	2014 NEC Requirements for PV Systems (Continued) Ryan Mayfield
