STUDENT/ATTENDEE TERMS OF USE FOR NABCEP’S LMS PLATFORM

NABCEP’s LMS Platform is open to the public, free of charge. To acknowledge that you have read this agreement and to receive a unique Logon Password to browse Registered Courses hosted on the NABCEP LMS Platform, [CLICK HERE](#).

Courses are designed to further the technical knowledge of professional renewable energy practitioners. Course Completion Documents are available for download directly from the platform.

While NABCEP maintains the hosting platform, course content is provided by training providers throughout the renewable energy industry. This includes manufacturers, installation companies, and education companies. Some Training Providers may charge a fee to access their webinar. All Providers offer at least one course that aligns with NABCEP’s Job Task Analysis offering NABCEP CEUs for use in certification and/or recertification of NABCEP Credentials.

To browse all NABCEP Registered Courses (on or off the LMS Platform), and see how the CEUs can be applied to NABCEP Credentials, go to the [NABCEP Course Catalog](#).
