NABCEP CE Conference 2025 - Open For Registration!

Our upcoming CE Conference (**March 24 - 27, 2025**) is **NOW OPEN** for registration! As a brand new feature, will be having **10 pre-conference sessions on Monday, March 24th**. There will be 5 concurrent sessions that begin at 10:30am.

So if you plan on attending, please keep in mind the following:

1. We have **sold out the last THREE years in a row**, so make sure you register for our conference as early as possible! Early Bird pricing for registrations (**\$150 savings!**) will expire in January 2025.
2. Plan on arriving to Reno on Sunday so you're sure to make the pre-conference sessions. Monday's pre-conference sessions will offer you the opportunity for an additional 5 CEU's.
3. There will be another **theme night** this year! Last year, we paid tribute to the style and glamour of the 1980's. This year will be an ***Alice In Wonderland*** theme night on **Tuesday, March 25th**. Show your support by purchasing a themed **t-shirt** at a discounted rate of **\$20** when registering!

Our 2025 CE Conference will be held in **Reno, NV** at the **Grand Sierra Resort**. We look forward to seeing you there for another successful year of training and nightly fun!

NABCEP & IREC - Supporting Local Unions to Become ARTPs!

IREC Support Solar Training at Local Unions

Currently, IREC is helping local unions train a qualified solar-plus-storage workforce by covering the initial annual fee for up to 100 union training centers to become **NABCEP** Registered Training Providers.

By supporting local unions to become NABCEP Registered Training Providers, IREC aims to expand the use of labor unions by contractors working across the solar industry, and promote union pathways for veterans and other workers seeking clean energy careers.

To find out more, check out the blog post, [IREC Supports Solar Training at Local Unions](#).

Unions interested in becoming NABCEP registered may contact Ursula Abrams, Operations Manager, at uabrams@nabcep.org.

Welcome to our New Accredited Company - Nova Solar

Nova Solar

At [Nova Solar](#), we are committed to promoting clean and renewable energy by delivering

innovative and affordable solar solutions that enable individuals and businesses to reduce their carbon footprint and save on energy costs. Our dedicated team has extensive experience in solar technology and installation and is always up-to-date with the latest trends and advancements in the industry.

We are proud to serve the Virginia, DC and Maryland areas. Our family-owned enterprise focuses on creating a relationship with each of our customers. We strive to go above and beyond, ensuring that our clients receive top-quality service and materials that meet and exceed their expectations. We believe that by working together, we can create a brighter and more sustainable future for generations to come.

Solar Insure

SolarInsure

Solar Insure SI-30 Total Warranty Solution

At Solar Insure, we take pride in offering industry-leading solar warranty coverage that reflects our confidence in the durability and reliability of solar and battery technology. Our approach is built on four key pillars:

Data-Driven Insights: We leverage actuarial data incorporating long-term performance from solar and battery installations worldwide.

Manufacturer Relationships: We maintain close partnerships and monitor components to ensure only the best equipment and installers are used.

Financial Stability: Our robust financial framework guarantees that long-term warranty obligations are met.

Advanced Forecasting: We use forward-looking analytics to adapt to changing market trends and conditions.

These pillars drive our latest product, SI-30 Total—a revolutionary solar and battery warranty that offers the longest independent, insurance-backed coverage on the market.

With SI-30 Total, homeowners and businesses can feel confident knowing their solar investment is protected for a full 30 years. It covers all major system components, including panels, inverters, batteries, racking, roof penetrations, and labor costs. Plus, SI-30 Total includes one free battery replacement when battery capacity drops below 50%.

As some large companies exit the solar market, many homeowners are left uncertain about their solar future. With Solar Insure, there's no need to worry—if a manufacturer or installer goes out of business, we connect homeowners with a certified provider to complete their service.

Don't leave your solar investment unprotected. Learn more about Solar Insure's offerings and how SI-30 Total can safeguard your future at solarinsure.com.

[Intersolar & Energy Storage North America](#)

Intersolar & Energy Storage North America

Each year, we look forward to [Intersolar & Energy Storage North America](#) (IESNA)—the flagship tradeshow and conference that supports the product and information needs of solar, storage, EV charging infrastructure, and manufacturing stakeholders from around the world.

NABCEP is proud to partner with IESNA and offer you our *exclusive discount* to join us **February 25-27, 2025 in San Diego, California: Free expo hall access and 20% off a conference pass!**

[Secure
Discount](#)

Why Attend?

- **550+ Innovative exhibits**, including a new *Manufacturing Pavilion* featuring production machinery & equipment.
- **24+ Educational sessions** delivering forward-looking insights by top clean energy experts.
- **5 Lively networking activities and spaces** (including happy hours, site tours, luncheons, Connection Lounge, and the After Party) developed to facilitate new professional connections and deliver learning experiences.
- The crowd-favorite **Solar Games** competition, where top installer teams compete live on the expo floor for \$16,000 in cash prizes—and the Champion title.

Whether you're looking to discover the latest innovations, expand your knowledge through expert-led sessions, or network with industry leaders, IESNA 2025 offers something for everyone. Plus, with our exclusive NABCEP partner discount, you'll enjoy free expo hall access and significant savings on conference passes. Join us in San Diego this February and take your business to the next level while helping to empower clean energy
